

Name \_\_\_\_\_

Trace the missing letter for each word. Then write the word again, by yourself.

star star

sun sun

moon

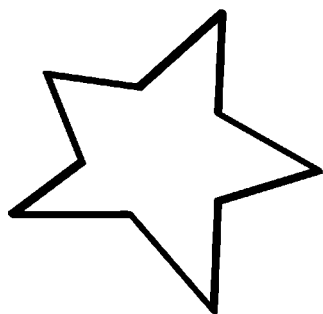

Name \_\_\_\_\_

Look at the picture on the left.

Say and trace the word on the right.

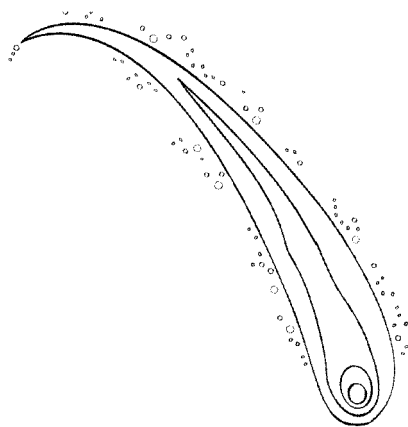

moon

star

earth

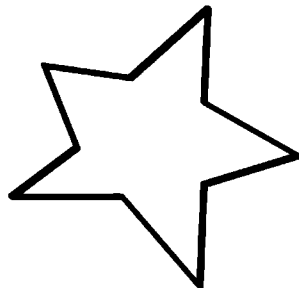

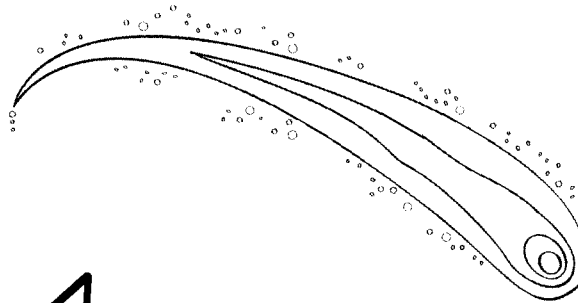

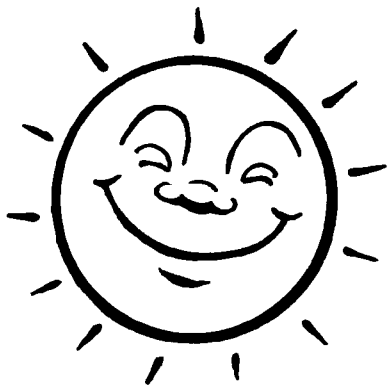

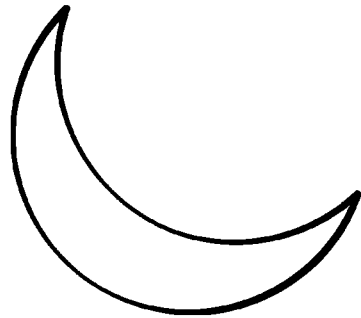

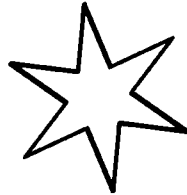

comet

Name \_\_\_\_\_

Trace the letter Ss. Say the names  
of the pictures. Then color the pictures  
that begin with Ss.

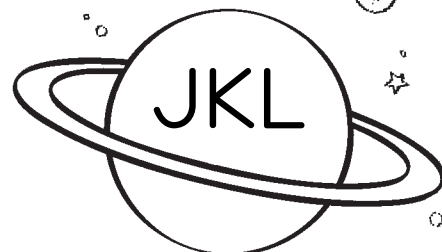

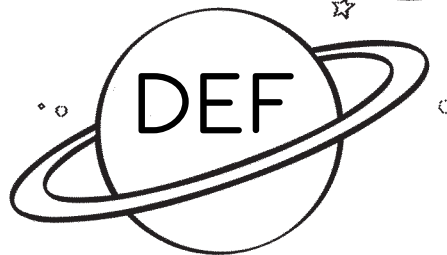

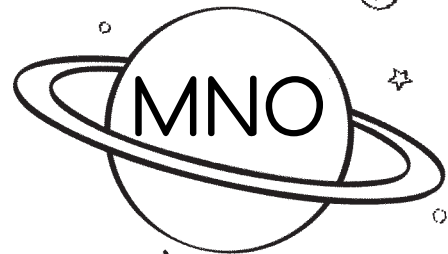

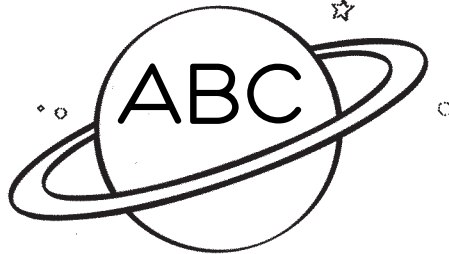

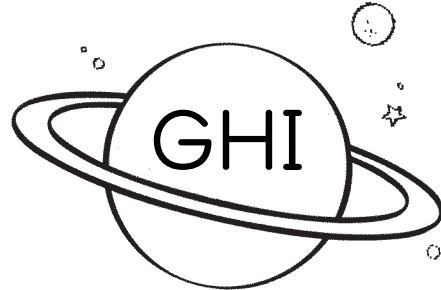

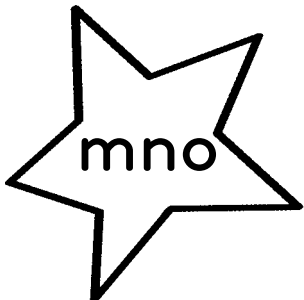

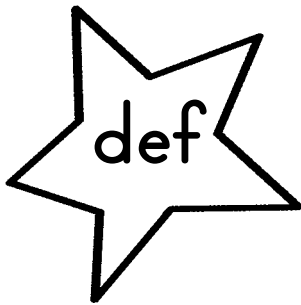

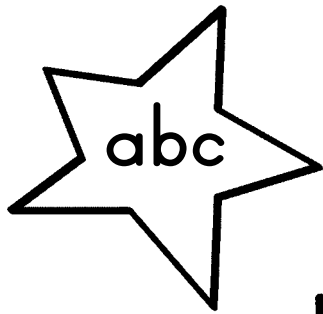

Ss

Ss

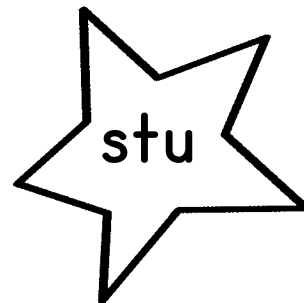

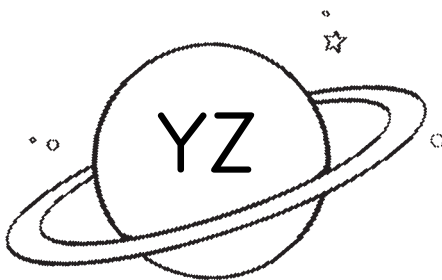

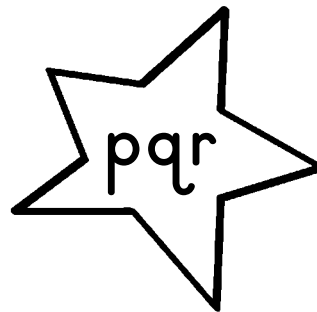

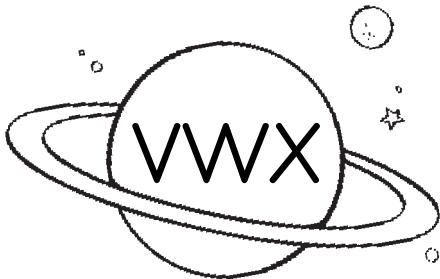

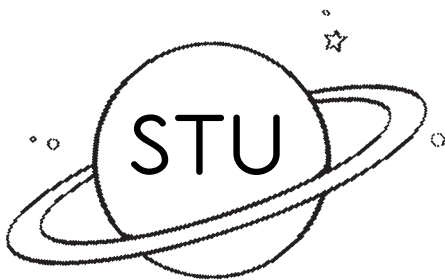

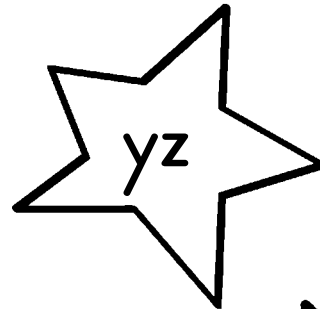

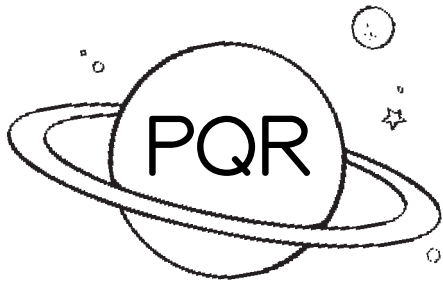

Name \_\_\_\_\_

Draw a line from the star with the lowercase (little) letters to the planet with the matching uppercase (capital) letters.

Name \_\_\_\_\_

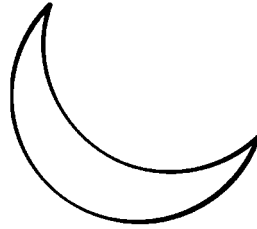

Draw a line from the planet with the  
uppercase letters to the star with the  
matching lowercase letters.

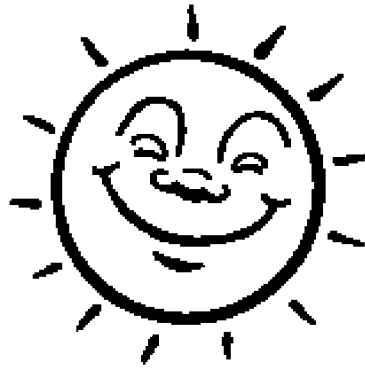

Name \_\_\_\_\_

Draw a line from each object  
to its beginning letter sound.

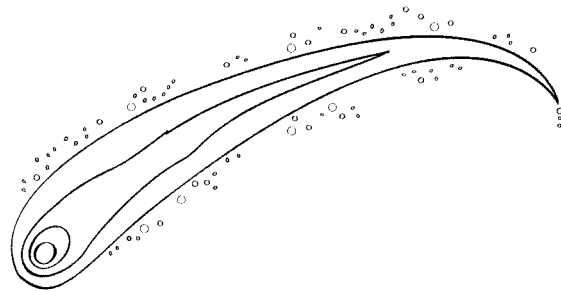

Ss

Mm

Ee

Cc

Name \_\_\_\_\_

Draw a line from the uppercase  
letter on the left to the matching  
lowercase letter on the right.

Name \_\_\_\_\_

This planet is Saturn. It has big rings around it made of dust and ice. Trace the word and say the planet's first letter sound and name. Then color the rings.

Saturn

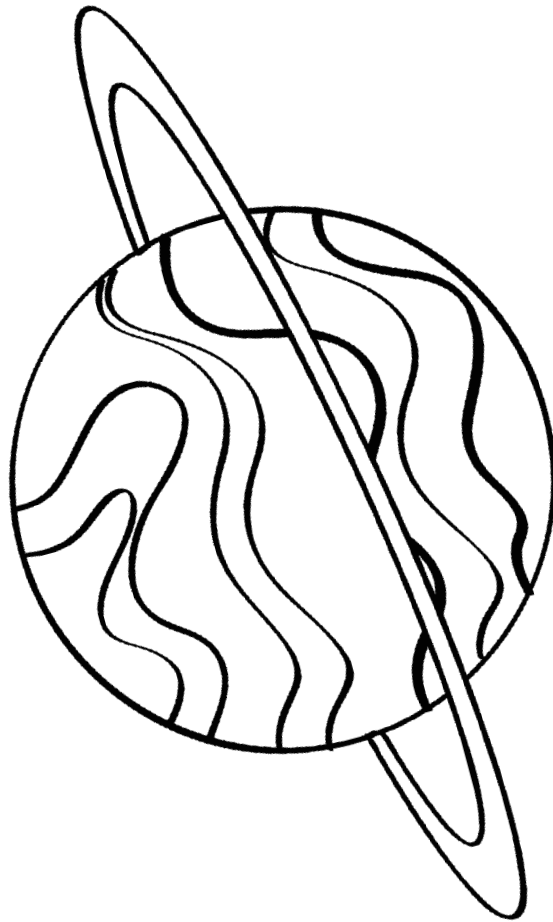

Name \_\_\_\_\_

In the alphabet there are five letters called vowels. They are a, e, i, o, and u. Find the vowels hiding in this picture. Circle each one you find, and color the picture.

Name \_\_\_\_\_

This planet is Uranus. Uranus has rings like Saturn, but Uranus is tilted on its side. The name Uranus starts with a vowel sound. Trace and say the first letter vowel sound Uu. Then color the picture.

Uranus

Name \_\_\_\_\_

Draw a line from the lowercase  
(little) vowels to the matching  
uppercase (capital) vowels.

Name \_\_\_\_\_

Astronaut Sue is juggling vowels.  
Color her stars blue. Astronaut Joe  
is juggling consonants. Color his  
stars yellow.

Name \_\_\_\_\_

Where is the astronaut floating?

Unscramble the letters inside the stars  
and spell out the rest of the word to  
find out.
