

Name _____

Look at the picture on the right. Put an X mark next to every word listed below that you find in the picture.

- _____ bird
- _____ flag
- _____ earth
- _____ bear
- _____ shuttle
- _____ bug
- _____ star
- _____ fan
- _____ comet
- _____ clock
- _____ tree
- _____ dog
- _____ planet
- _____ astronaut
- _____ stamp
- _____ tent
- _____ satellite
- _____ hat
- _____ tree

Name _____

Look at each picture and circle the letter that stands for the beginning sound. Then mark whether the sound is a vowel or a consonant.

t c

_____ vowel

_____ consonant

g m

_____ vowel

_____ consonant

s r

_____ vowel

_____ consonant

u a

_____ vowel

_____ consonant

Name _____

Say each word on the left. Then circle the word on the right that rhymes with it. Say the two words together.

star

king

far

sock

moon

soon

one

moss

ship

rose

bear

lip

sun

kite

gate

fun

space

bell

log

face

Name _____

The star pictured is a five-pointed star. Draw an eight-pointed star in the box to the right of it. Then, write the word star, the number 8, and the word eight.

star

8

eight

Name _____

Circle the correct word to fill in each of the blanks.
Then write the word on the right side of the page.

1. The _____ orbits around
the earth. (moon / water)

moon

2. The sun is a _____ .
(fruit / star)

3. Satellites send information
to the (Earth / animals)

4. Saturn has _____ around
it made of dust and ice.
(webs / rings)

5. A _____ has a tail made
of vapors as it's pushed away
from the sun. (cat / comet)

Name _____

Fill in the missing letters. Then unscramble the letters to spell out the secret answer in the blanks below.

____stronaut

shuttle____

____luto

____omet

____tar

What is the place beyond earth's atmosphere called?

Name _____

Circle the space-related word in each pair with the vowel sound that's listed below it.

space flag

long a

cake star

short a

Venus pet

long e

comet bee

short e

pig satellite

long i

kite orbit

short i

frog float

long o

comet bone

short o

Uranus duck

long u

mule shuttle

short u

Name _____

Fill in the missing vowel to finish each word.

Then circle the answer that shows whether that vowel is a long or short sound. Look at the Fact File sheets for help with the words.

s__lar system long / short

Milky W__y long / short

plan__ts long / short

orb__t long / short

Nept__ne long / short

M__rs long / short

S__n long / short

rauSnt

Name _____

Find the planet names hidden in the puzzle below.

Sun Mercury Venus Earth Mars

Jupiter Saturn Uranus Neptune Pluto

Name _____

Say the names of the space objects in each box. Then write the upper and lowercase letter of the alphabet that makes the beginning sound for each picture.

astronaut comet
Earth Moon Venus
satellite rocket

Name _____

Master your alphabet. Write in the letter that comes
before each letter shown.

a b c d e f g h i j k l m n o p q r s t u v w x y z

Name _____

Fill in the crossword puzzle below.

Across:

1.

5.

6.

Down:

2.

3.

4.

Name _____

Say the names of the planets below. Write the uppercase and lowercase letter of the alphabet that makes the missing ending sound for each picture. Then circle the two planets whose ending sounds are the same.

Jupite.....

Satur.....

Mar.....

Mercur.....

Plut.....

Su.....

Name _____

Circle the correct word to fill in each of the blanks.

Then write the word.

1. There are nine planets in
our _____ system.

(solar / water)

solar

2. There is no _____ on the
moon, which causes gravity.

(dirt / air)

3. The Milky Way is a galaxy
made up of _____.

(stars / nuts)

4. A black _____ is a
collapsed star. (bug / hole)

3. Nine planets _____ the
sun. (shade / orbit)

Name _____

Circle the words that are spelled correctly in each group. Then write the word in the space to the right.

Mars

Marz

Mahrs

Mars
