Number 0

Tigger found that there are 0 bees in the tree. Trace the number 0 below.

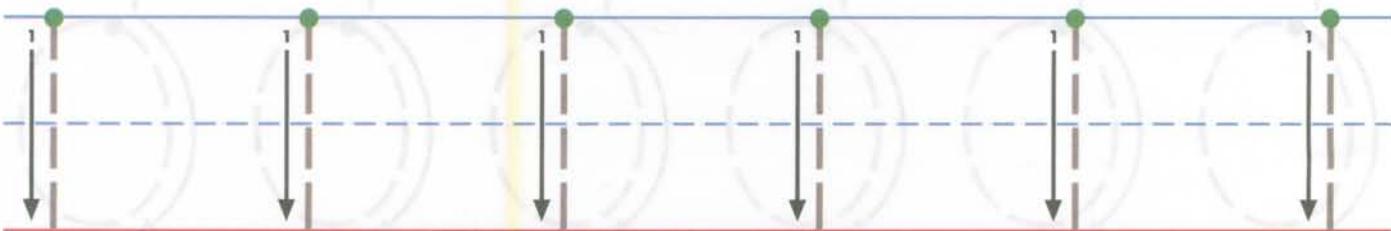

Number 1

Pooh and Piglet are sharing 1 umbrella. Trace the number 1 below.

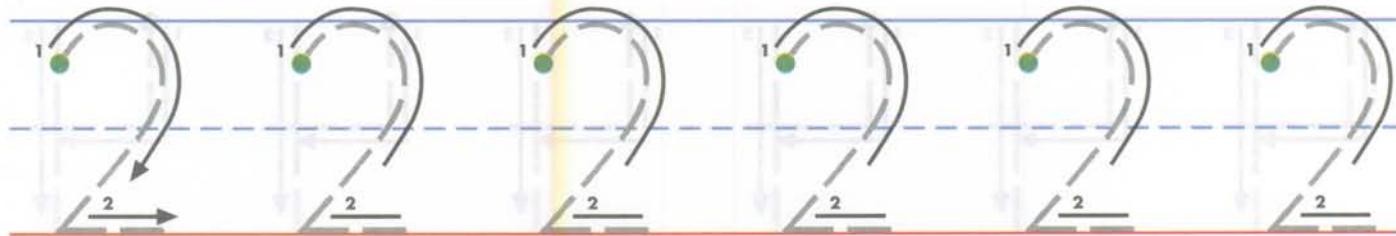

Number 2

Tigger is carrying 2 buckets. Draw another bucket for Pooh so he has 2 buckets, too. Then, trace the number 2 below.

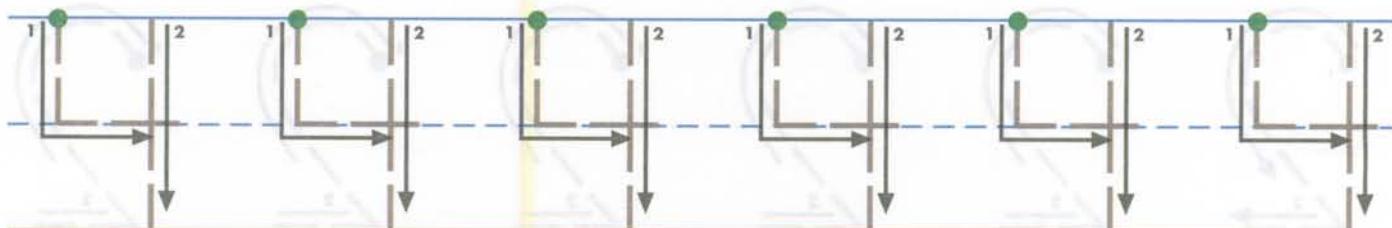

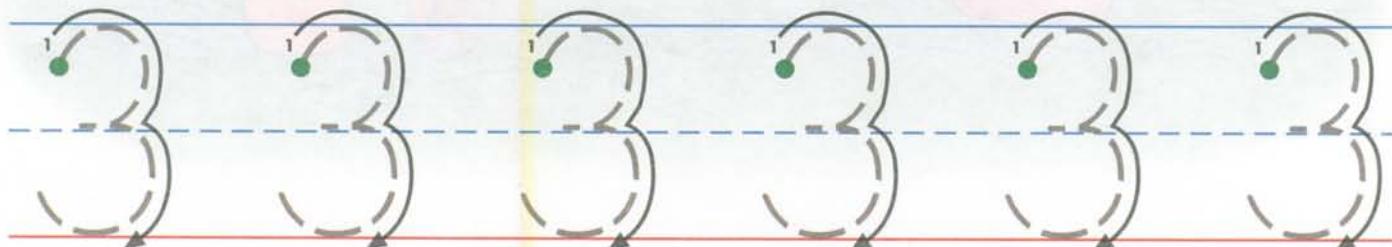

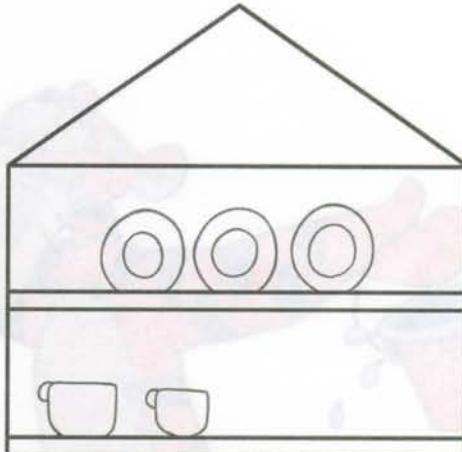

Numbers 3 and 4

Owl has 3 dishes on his shelf. Draw 2 cups on the bottom shelf so he will have 4 cups altogether. Then, trace the numbers 3 and 4 below.

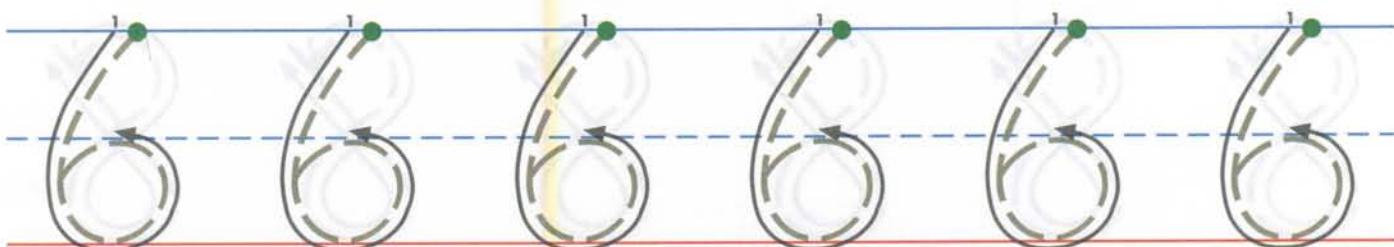

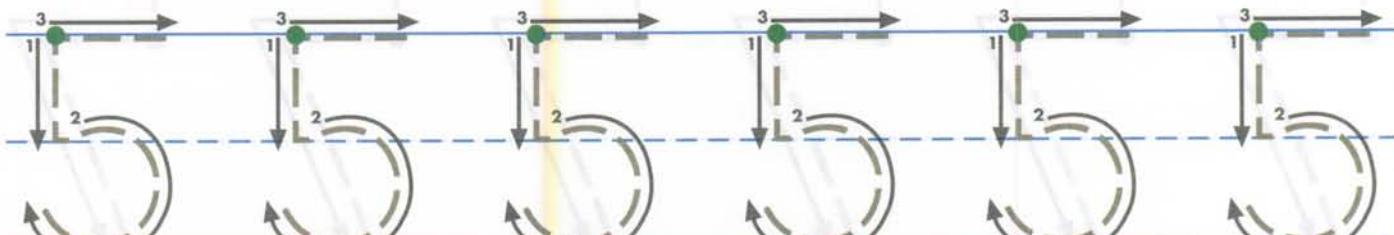

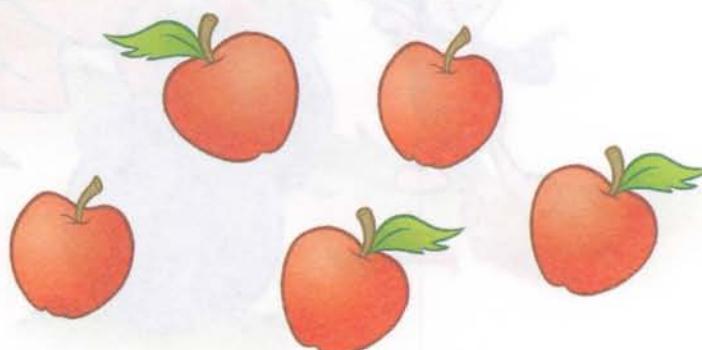

Numbers 5 and 6

There are 5 apples beside Pooh's basket and 6 apples in the basket. Trace the numbers 5 and 6 below.

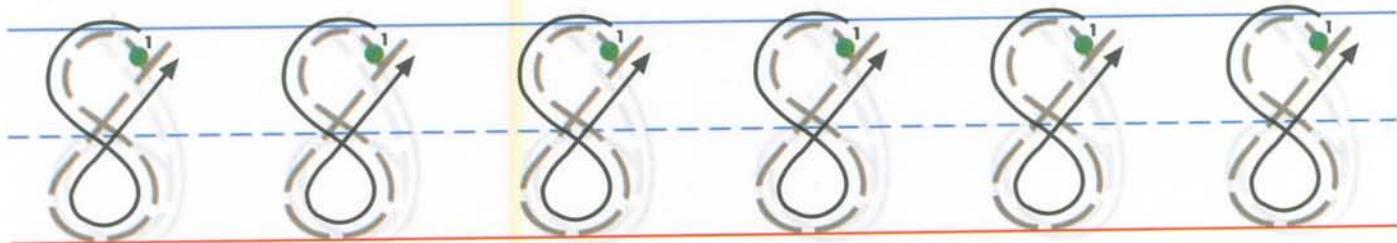

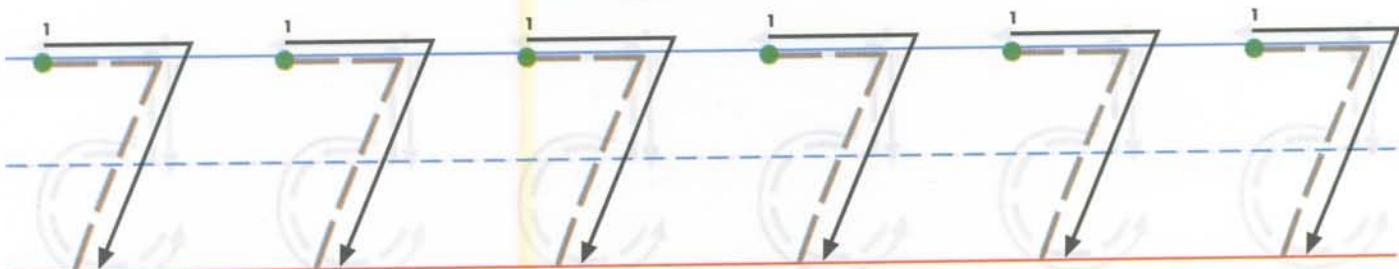

Numbers 7 and 8

Pooh and Piglet are raking leaves. There are 7 leaves in the pot and 8 leaves on the ground. Trace the numbers 7 and 8 below.

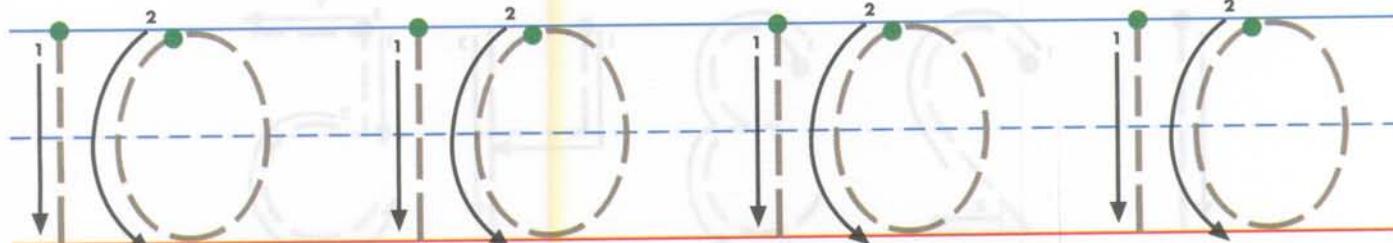

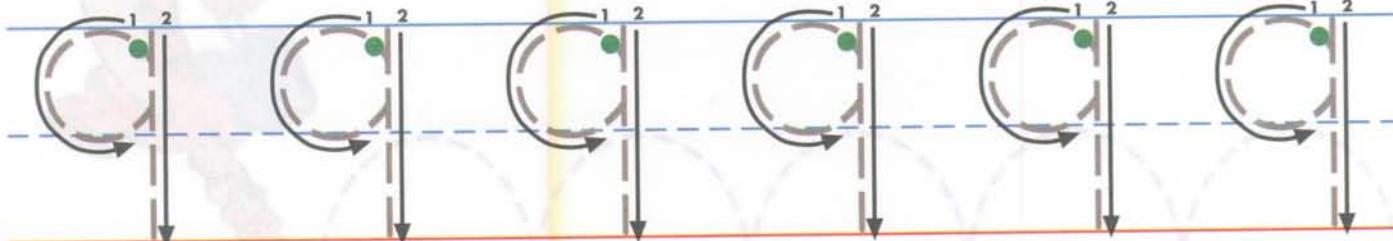

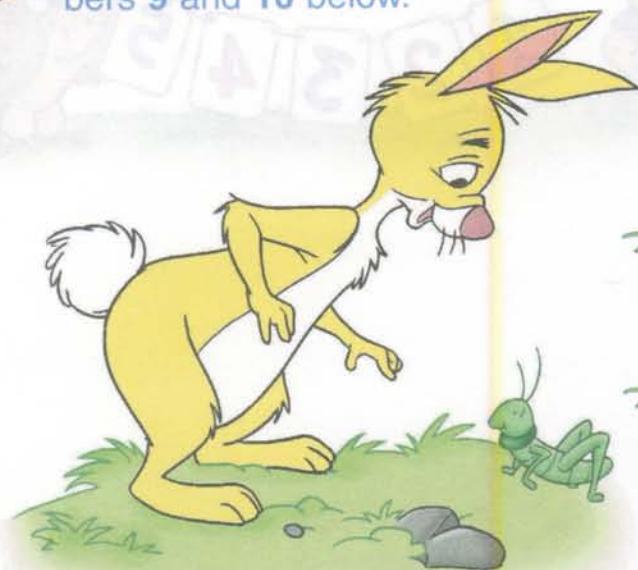

Numbers 9 and 10

Rabbit sees 9 grasshoppers and 10 ladybugs in the meadow. Trace the numbers 9 and 10 below.

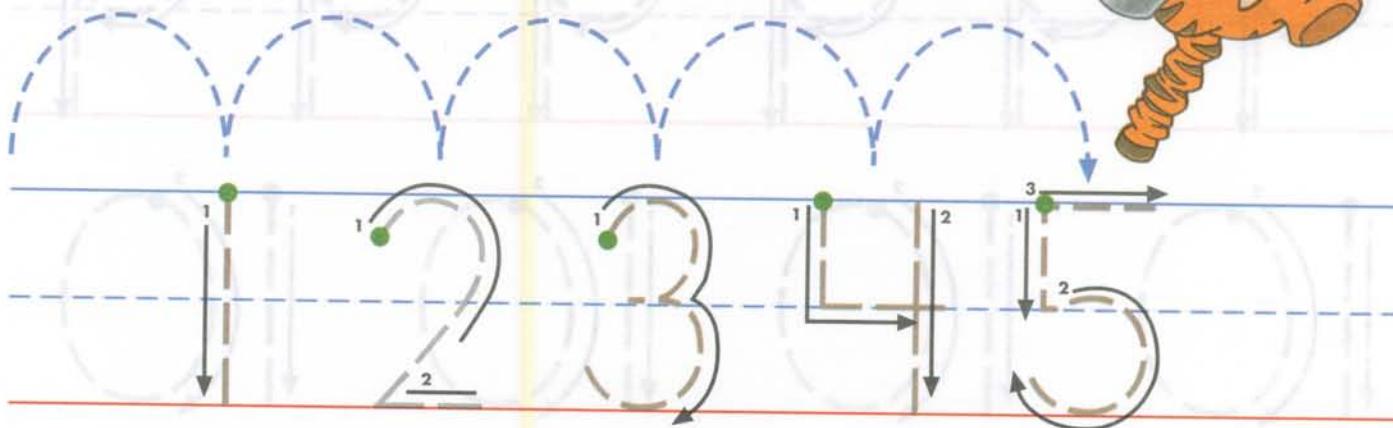

Numbers 1 to 5

Trace Tigger's bounce with your pencil. Then, trace the numbers below.

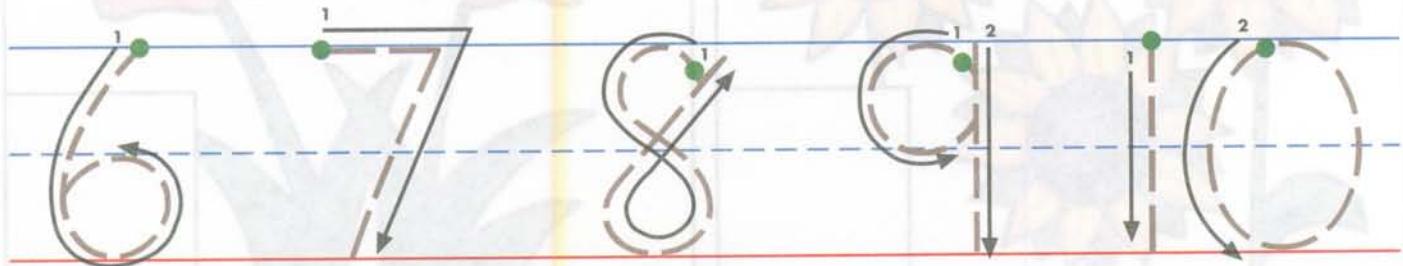

Numbers 6 to 10

How many bees are buzzing around the tree? _____

Circle 7 bees. Then, trace the numbers below.

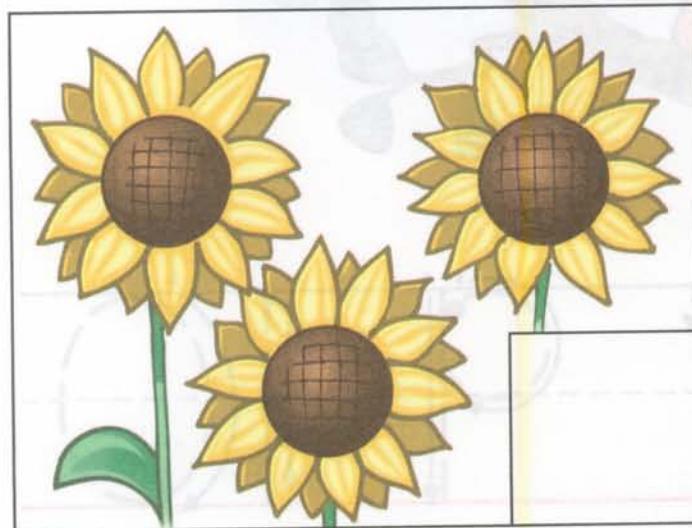

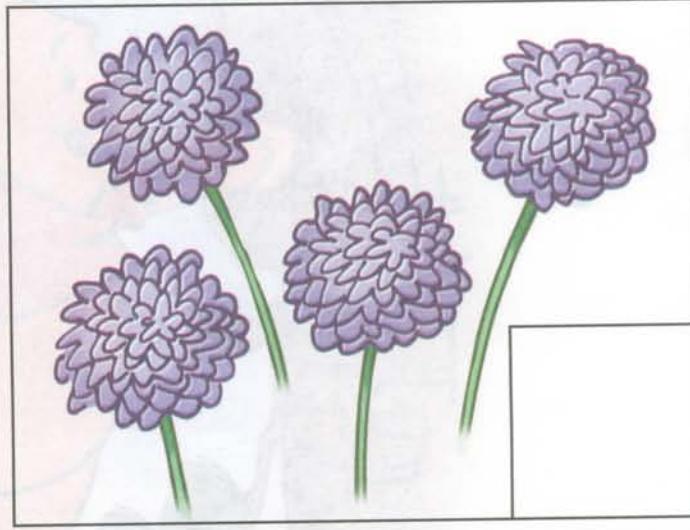

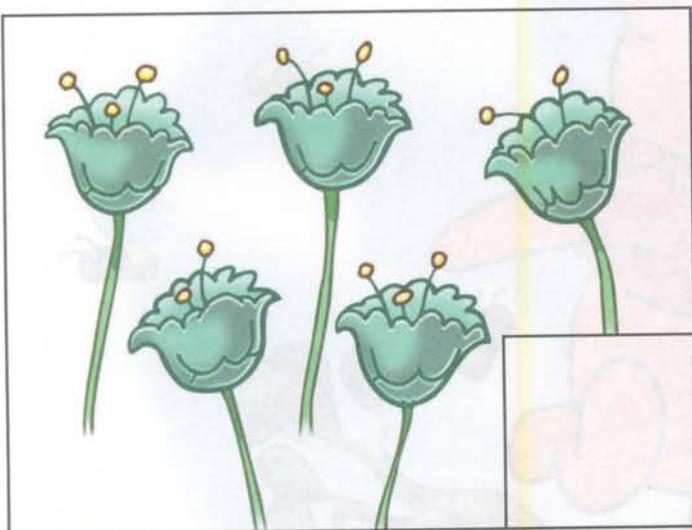

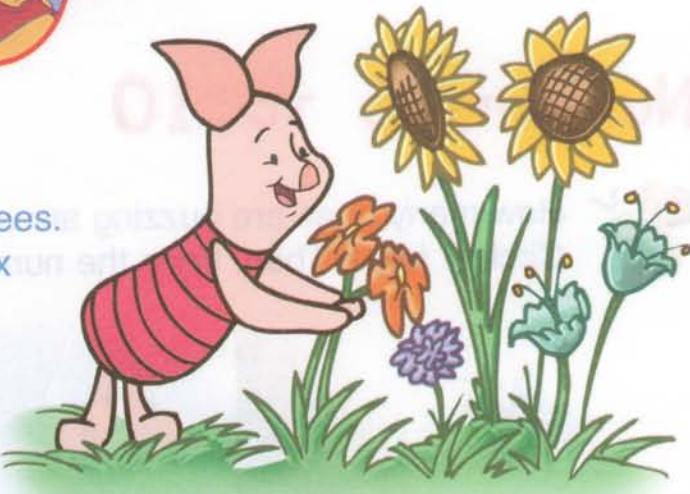

Counting to 5

Count the different flowers Piglet sees.
Then, write the number in each box
that tells how many there are.

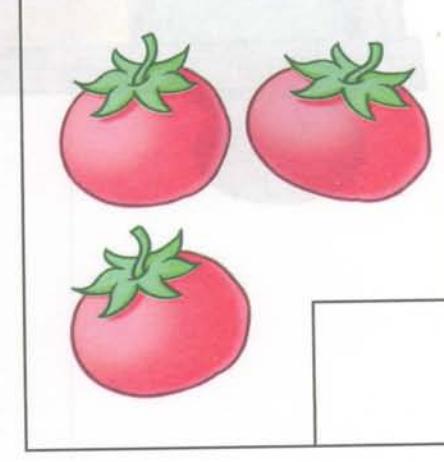

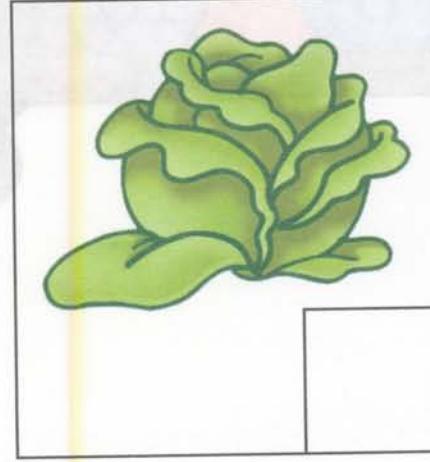

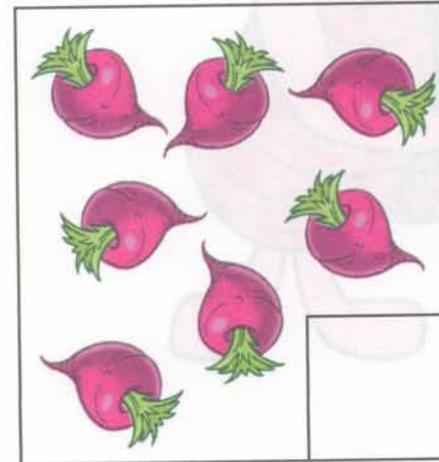

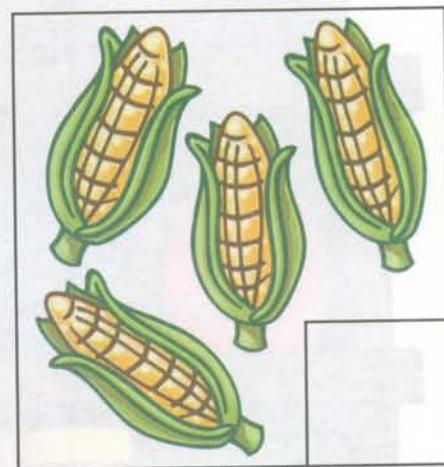

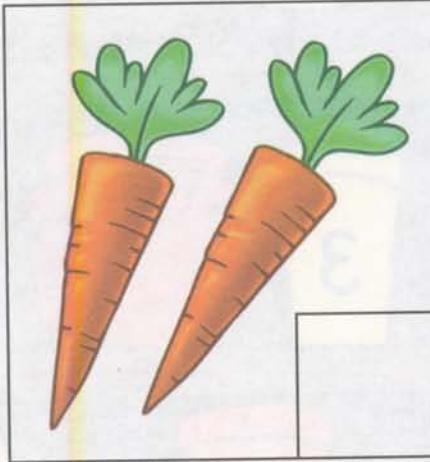

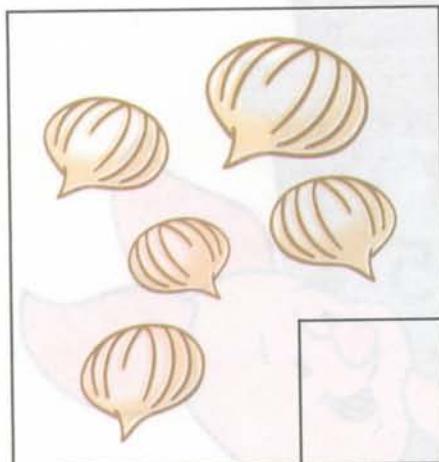

Counting to 10

Help Rabbit count how many of each vegetable he has. Write the number in each box.

Counting to 10

Count what Piglet has in his cupboard. Write each missing number.

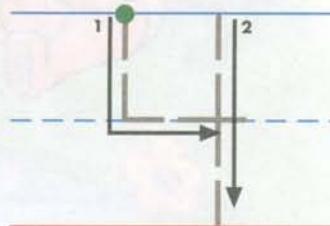

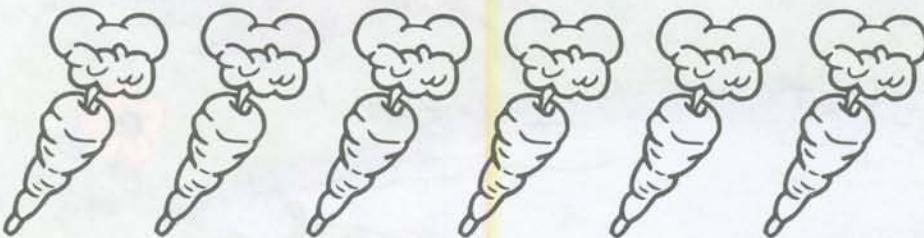

Counting Practice

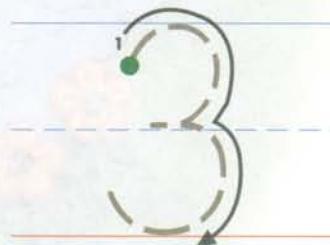

Here are some of the vegetables Rabbit picked.
Follow the directions above each box.

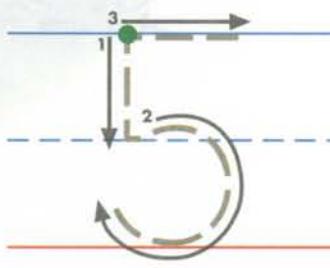

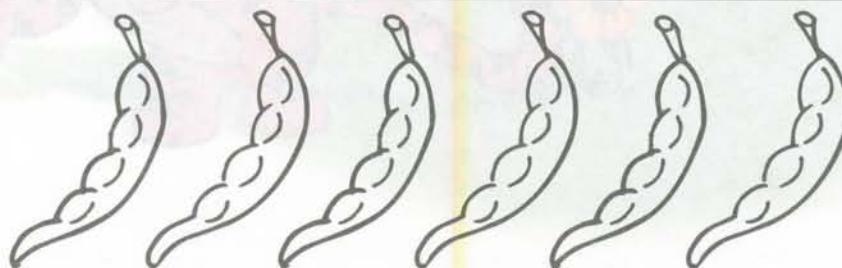

Color 4 carrots orange. Then, trace the number 4.

Color 3 tomatoes red. Then, trace the number 3.

Color 5 beans green. Then, trace the number 5.

Counting Practice

Look at the picture below. Then, answer the questions on the next page.

More and Fewer

More Counting Practice

First, look at the picture and draw a circle around the character with the most balloons. Then, color the balloons in the chart below—as many as belong to each character. Last, write the number of balloons in each square. Look at the example to help you.

					1

More Counting Practice

First, look at the picture and draw a circle around the character with the most birds. Then, color the birds in the chart below—as many as belong to each character. Last, write the number of birds in each square. Look at the example to help you.

					3

Numbers Dot-to-Dot

Look at Tigger laughing! Connect the dots from 1 to 5 in order to find out what makes Tigger laugh. Then, finish coloring the drawing.

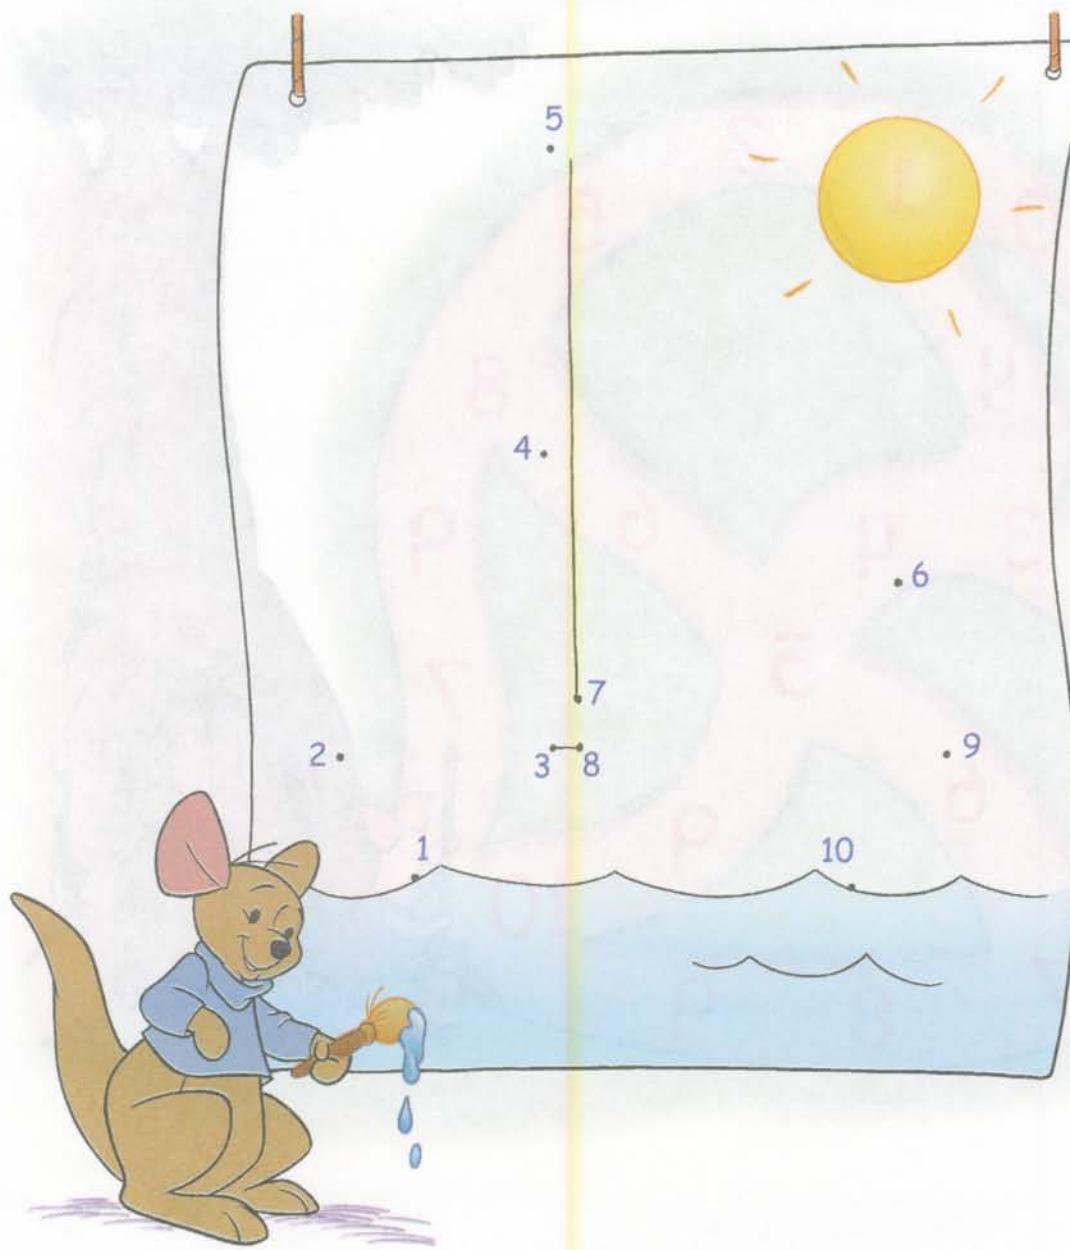

Numbers Dot-to-Dot

Roo is very proud of his painting, but what has he drawn?
Connect the dots from 1 to 10 in order and you will find
out. Then, finish coloring the drawing.

10

Numerical Order 0 to 10

Trace a path from 0 to 10 to help Pooh get to Piglet's house.

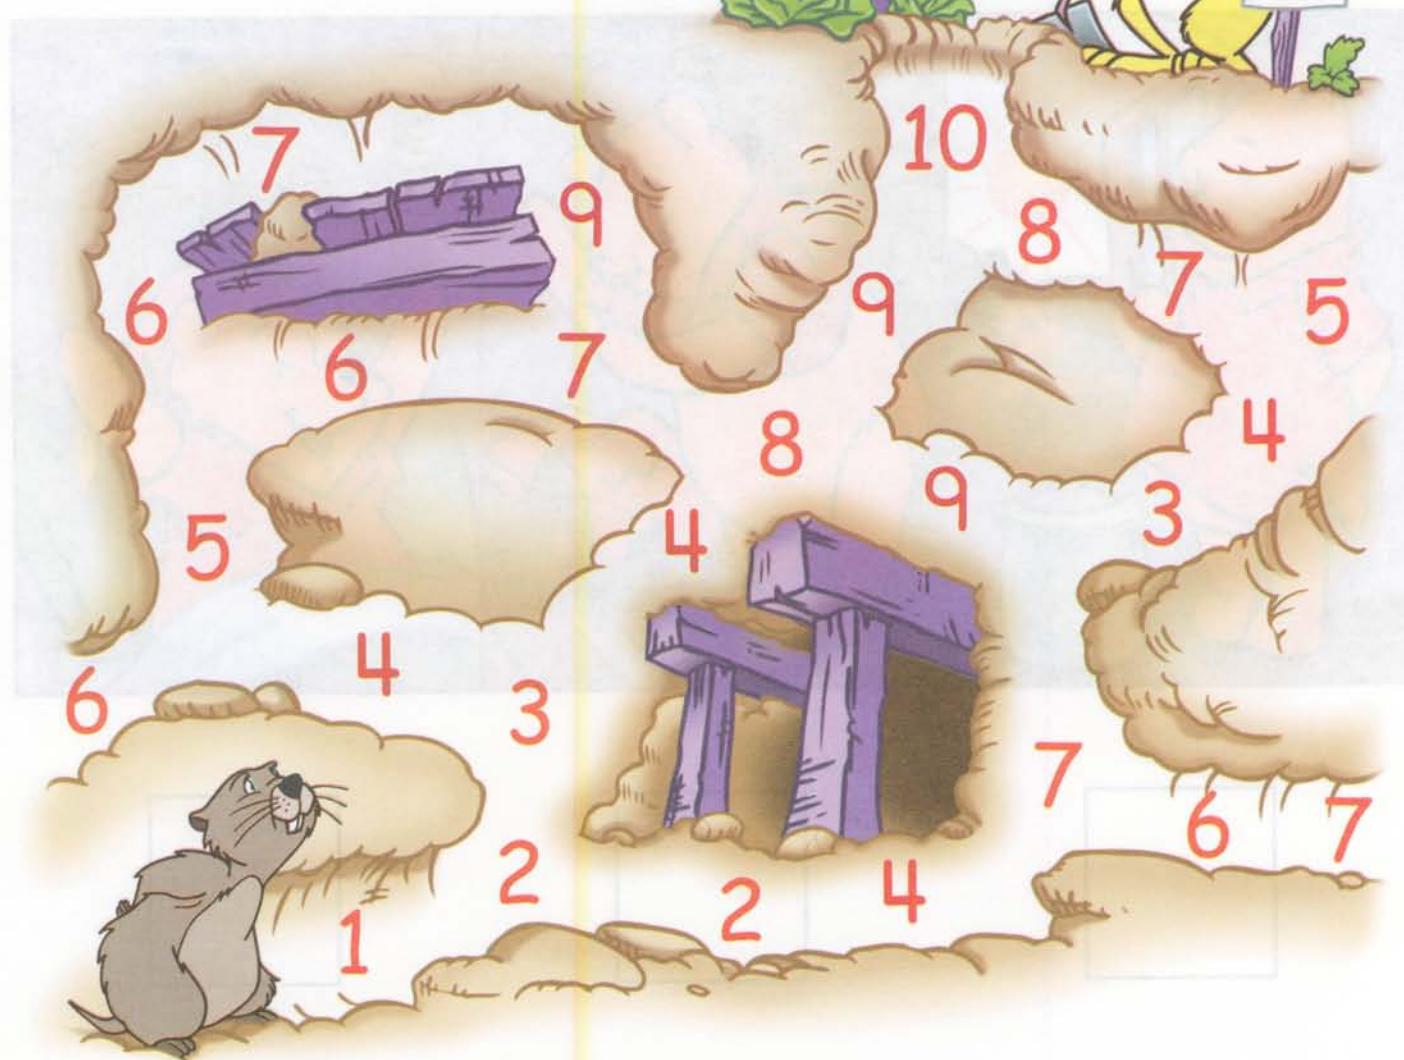

Numerical Order 1 to 10

Use your pencil to follow Gopher's path. Follow the numbers in order from 1 to 10.

Sequence

First, Pooh wakes up and stretches. Second, Pooh looks out the window and smiles at the morning sun. Third, Pooh gets dressed. Number the pictures in order from 1 to 3 to show what Pooh does in the morning.

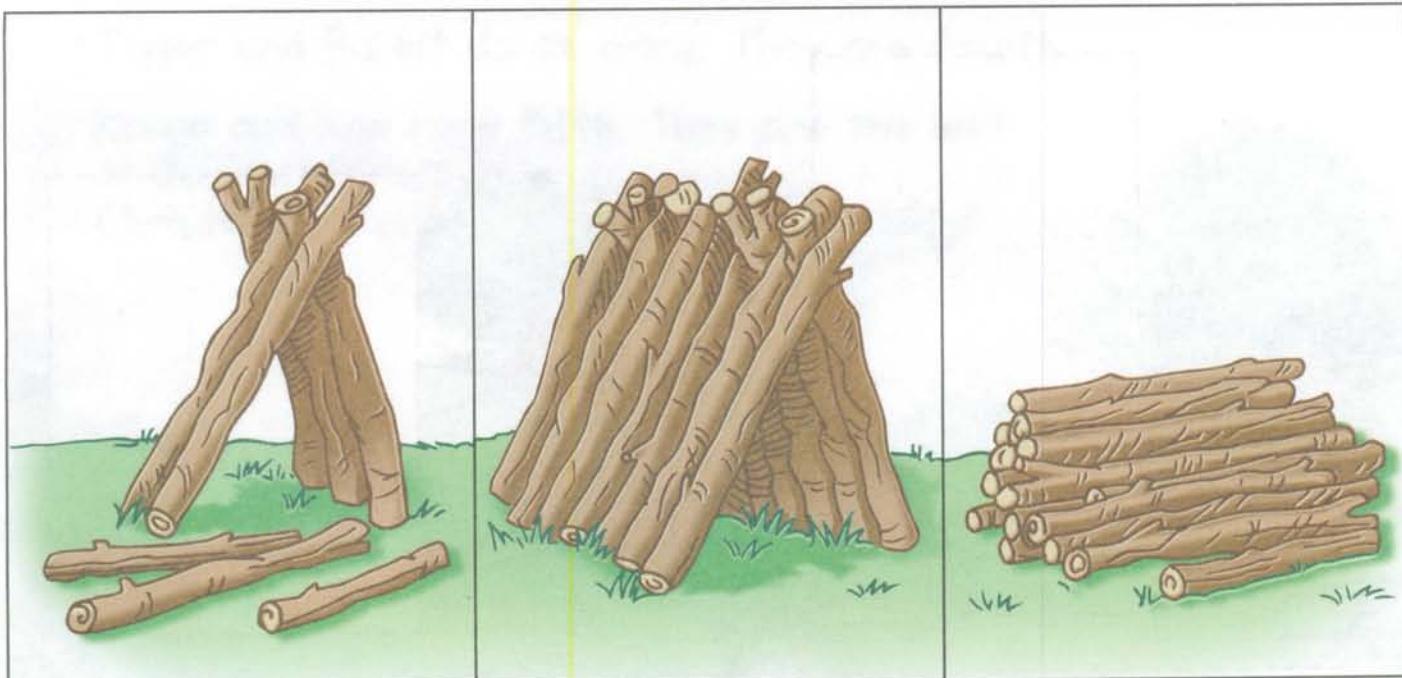

Sequence

Help Eeyore rebuild his house.
Number the steps he needs to
take in order from 1 to 3.

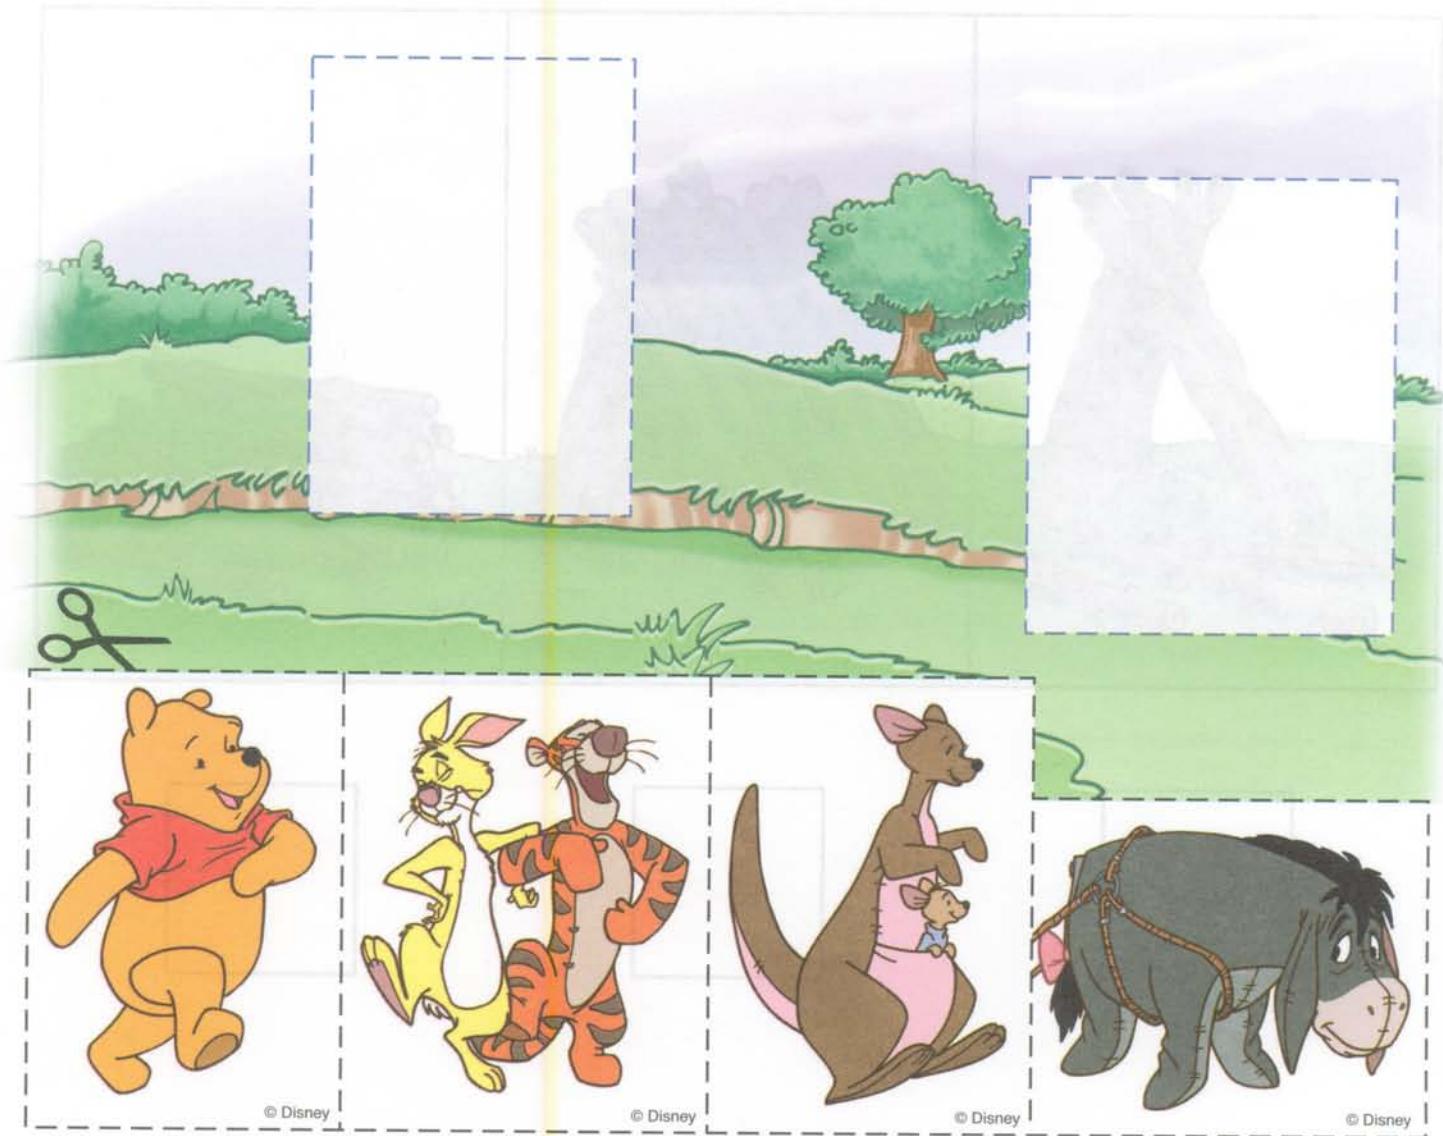

Ordinal Numbers

Have an adult help you cut out the pictures of Pooh and his friends below. Read the sentences on the next page. Then, glue each picture in the correct place, starting from the right side.

Ordinal Numbers

- Eeyore is pulling the wagon. He is **first**.
- Gopher and Piglet are **second**. They are riding in the wagon.
- Owl flies along in the air.
- Pooh comes next. He is **third** in line.
- Tigger and Rabbit dance along. They are **fourth**.
- Kanga and Roo come **fifth**. They are the last in line on the trip to see Christopher Robin.

Parent Resource Guide

Helping at Home with Numbers

Help your child realize that numbers are a big part of each and every day. Find numbers all around the house, in the car, at the grocery store, on the way to school, etc. Look at clocks, books, signs, games, timers, microwaves, speedometers, thermometers, television channels, newspapers, score boards, etc.

Number Writing Practice - Have your child use his or her finger to write numbers in shaving cream in the bathtub, in a shoebox lid covered with a layer of salt, or in sand in the sandbox.

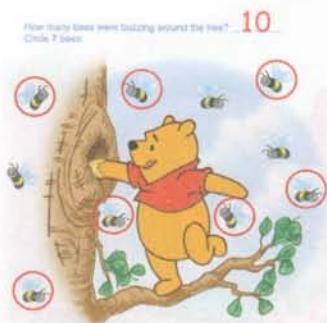

One-to-One Matching - have your child figure out how many forks he will need to set at the dinner table. Add on to that the number of knives and spoons that will be needed.
